2021 IEEE INTERNATIONAL CONFERENCE ON AEROSPACE AND SIGNAL PROCESSING

CALL FOR PAPERS **INCAS 2021**

28-30th NOVEMBER

Important Dates

- Paper submission: **October 15, 2021**
- Notification of acceptance: **November 10, 2021**
- Final paper submission: **November 20, 2021**

About INCAS

The IEEE International Conference on Aerospace and Signal Processing (INCAS) is a biannual technical event.

This conference aims to promote interdisciplinary understanding of signal processing and aerospace systems, as well as the underlying science and technology, and their applications to government and commercial endeavors.

INCAS seeks to reflect the professional development, promoting the integration of professionals, researchers, and aerospace industry in a context in which prevail technological innovations to seek the benefit of the community, bringing together the most outstanding companies, industries, universities, and professionals

CONFERENCE TOPIC AREAS

SIGNAL PROCESSING

- Signal Processing
- Speech and Audio Processing
- Speech Recognition
- Hearing Aids
- Autonomous Driving
- Image Processing and Analysis
- Wearables
- Data Science
- Communications Systems and Networks

AEROSPACE AND ELECTRONICS SYSTEMS

- Aerospace systems, science, and technology
- Systems engineering and management science in the aerospace industry

- Government policy that directs or drives aerospace programs, systems and technologies
- Science and Aerospace Frontiers
- Space Missions, Systems and Architectures
- Antennas, RF/Microwave Systems, and Propagation
- Communication & Navigation Systems & Technologies
- Observation Systems and Technologies
- Radar and Remote Sensing
- Avionics and Electronics for Space Applications
- Spacecraft & Launch Vehicle Systems & Technologies
- Air Vehicle Systems and Technologies
- Software and Computing
- Diagnostics, Prognostics and Health Management (PHM)
- Ground and Space Operations
- Systems Engineering, Management, and Cost
- Government Plans, Policies and Education

Organized by:

Technical Cosponsors:
